

## **A Clever Acrostic About ME in Lockdown!**

Create your own acrostic of your own name (Christian name and surname) to let the reader have a little insight into your personality, hobbies, etc. and how you are keeping yourself busy during lockdown.

I've done one for myself for you to read!! Now, you have a go at your own.

You can write it into your writing book or onto a word document and illustrate with appropriate graphics and pictures. You could send me a photo of it or send it via email. I'd love to read them all.
