

Maths Challenge: 2D Shape Objects

Create the following objects (on paper) using the exact 2D shapes indicated. Where you are asked to use more than one of the same shape, you may use different sizes of that shape. You can colour or decorate your final products and give them a name!

TASK 1: Draw a BOAT using:

- 2 squares
- 2 rectangles
- 1 isosceles triangle
- 1 equilateral triangle
- 3 circles

TASK 2: Draw an ANIMAL using:

- 4 squares
- 3 circles
- 2 hexagons
- 1 equilateral triangle
- 2 rectangles

TASK 3: Draw a PLANT using:

- 6 circles
- 1 pentagon
- 2 trapeziums (any type)
- 2 squares
- 1 rectangle

TASK 4: Draw a ROCKET / PLANE using:

- 1 circle
- 3 rectangles
- 4 triangles
- 2 isosceles trapeziums (an isosceles triangle cut off at the top  or )
- 1 square
- 2 pentagons
- 1 hexagon
