

Literacy

TASK 1: Write a letter to your future self. Tell your future self all about yourself and your life. You can also mention how things have been changed by Covid-19 but focus mainly on the following:

- Family and friends
- Hobbies
- School - work and play
- Your talents and capabilities
- Favourite songs/bands
- Successes you've had
- Things you would like to change
- Things you regret or would do again if you could
- Places you like to go
- Things you enjoy doing
- What you'd like to do as a job when you grow up
- Places you'd like to visit
- People you'd like to meet

Remember:

1. Edit as you go – keep reading over your writing to see how you can improve it.
2. Write what you are feeling and use your senses to express how you feel about what you are writing about.
3. Include paragraphs.
